# TO RICE NINETEEN THIRTY-TWO

Most students, I think, find the senior year the best of all. In the first decade of the present century, however, a strong movement was set on foot to do away with the senior year altogether in order that preparation for business and professional careers might be entered on a year earlier. The movement failed to prevail. The seniors themselves argued against the proposal. All this happened before there were any Rice students, but at the time I thought, and I now think, that the course of reasoning was convincing and its conclusions sound. They said it was not until the senior year that they began to see what it was all about, pull themselves together, and place in something like proper perspective themselves and the things alike of useless and useful learning with which they had been more or less concerned.

A pretty good case could be made out for the proposition that a university is useful in proportion to its devotion to useless knowledge. It is somewhat like this. I mean by useless knowledge the sort that at the moment seems to be devoid at once of direct or remote application to things practical or material, the kind of knowledge that is of use to the thinker with no other object in mind than the gratification of his immediate intellectual curiosity. By a curious paradox, pure thinking is at its best in the single-hearted pursuit of truth alone, and proves to be not only the most engaging employment to the thinker, but also the most profitable, both to him as a thinker and through him to that other different type of mind, that later sees and makes the application. Thus in the history of scientific thought, for example, progress has been led now by theory and now by practice in turns about indefinitely. It was so with Newton and the workers in celestial mechanics who followed him. So it was with the successors of Michael Faraday and James Clerk Maxwell, as has again been brought to light in the centenary anniversaries lately celebrated. Only at rare intervals from Archimedes to Kelvin has an individual mind manifested theoretical insight and practical instinct simultaneously, and seemingly with equal power.

In this connection there is another odd thing, that appears to traverse but really supports what I have just been saying, for scientific men in particular have repeatedly remarked that ideas on a specific problem come to them when least expected, and at times indeed when they are thinking about something else. This, so far from ignoring the logician's injunction to stick to the point, or disavowing the rational processes of thinking, simply says again that the mind works best in freedom. I hope that among your liveliest recollections of this place will be its atmosphere of disinterested research and freedom on the intellectual side, and one of temperateness and cheerfulness on the spiritual side. To me they are one and the same atmosphere, because even to intellectual progress I see no satisfying outcome without a moral and religious background and outlook.

Like many distinctions, those I have been making between useless and useful knowledge depend upon the point of view. In the unity of learning for which the university stands, they are interesting rather than important. They are no less difficult to make than it is to distinguish between the useful things that chart the seven seas and the useless ones that charm the sailor's life. The important thing is that from this port you will be carrying both in plenty: useful understanding of the universe and your place in it, useful knowledge of human relations and your part in them, useful powers of observation and communication, useful machinery of judgment in fine working order, and so on, together with such useless things from the wider expanse of emotional experience as poets dream on and philosophers think on, the useless things of memory and imagination that seem to last longer than the useful ones of reason, even as the sailor's song of the ship outlasts rudder and compass, sudden storm and calm after storm, alike.

Faithfully yours

*Y.W.C.A. Tea Dansant*

## CAMPUS CALENDAR

Starting the social season for 1931-32, the Y.W.C.A. entertained with a ceremony of touching sentiment on October 1, when Mr. Old Girl and Miss New Girl, with attendants bearing bouquets of tender carrots and parsley, made a charming background for the bashful bride in her lace curtain, and the smirking groom in his capacious trousers. This ceremony was a novelty added to the annual tea dance sponsored by the Rice Y.W.C.A. to which all big sisters, diked out in masculine attire escort their freshman little sisters. The tea hours from four until six were spent in evolving a variety of new dance steps, and imbibing punch. Miss Gladys Schill, president of the Rice Y.W.C.A. and Mrs. E. O. Lovett received the guests.

Following this, Freshmen had their brief day of importance on Friday, October 2, when the Student Council and the Women's Council jointly honored the newcomers with a reception. Faculty and old students joined with the two councils in welcoming the class of '35. Guests were received by officers of the two organizations, Packard Barton and Helen Forester of the Student's Council, Jo Beth Griffin and Marcelle King of the Woman's Council.

# INTER-LITERARY TEA RECEPTION

Prospective members of the three literary societies, the Elizabeth Baldwin, the Pallas Athena and the Owen Wister, were charmingly feted on October 19, when all three organizations joined hands to give their annual rush tea (comparable to the shaking hands of the participants in a boxing match) at the Autry House lounge, gay with velvets, furs, perfume and gossip, as the co-eds turned out in their best to see and to be seen.

During the tea hours, 3 till 6, some hundred guests as well as the members of the three clubs were welcomed by the receiving line formed by the presidents and vice presidents of each society.

Mrs. W. B. Torrens and Miss Sara Lane poured coffee and tea.

## SATURDAY NIGHTS AND TUESDAY AFTERNOONS

Perhaps it was the chaste green-and-silver elegance of the Houston Club or the buttered-walls of the Commons to which the Saturday dances were moved this year. Maybe it was a grim dance committee—or it may have been the 1931 flair for such quaint details as manners and grace. At any rate the Saturday night dances were blissfully free from all elements loud or liquid. Lee's Owls, bless 'em, are with us yet, and we'll not be forgetting how that Larkin boy out-Binged Bing on "Many Happy Returns"—or that delicately ribald little ditty about "Bessie Couldn't Help It." The stag and tag system flourished to the immense delight of the freshman girls.

The Cavaliers toot in their shirt sleeves. An assortment of tramps wanders in from the Dorms in house slippers and knickers, while the co-eds breeze in alone to be eagerly pounced on. Mrs. Blake chaperons.

# ENGINEERS' BALL

The Hairy-Ears started the social season rolling with characteristic swank on Armistice Eve when they gave their annual ball at River Oaks country club. Ol' man Depression was banished for a night as the social set shook the moth balls from its evening clothes and emerged, en masse, to swell the money coffers of the gleeful engineers.

The decoration committee did themselves proud on some of those tipsy looking wall panels which purported to be modernistic office buildings from modernistic angles—or how the Gulf building looks to a seasick airplane passenger. Across the wall above the orchestra platform a glittering sign proclaimed that the hosts were engineers and proud of it, by durn!

The merrymakers made merry with the Cavaliers until the supper intermission when they dined sumptuously off chicken salad and cheese sticks, after which they glided, swayed, and jiggled to the tunes of Lee's Owls until the smaller hours. Thence feebly home.

Recognizing the financial status of the Institute, the engineers got out their slide rules, used their trigonometric functions, drew enough graphs to make the economists look sick and tried their best to put over a first class dance and still come out on top, at least not in the red, congratulations, Hairy-Ears! (The co-op also profited by the ball as many "newly seniors" flocked up the stairs and demanded blue ribbons to put on the stiff bosoms.)

# O. W. L. S. — BAND

Masculine ingenuity and feminine wit combined to produce one of the smartest dances of the season on the eve of Thanksgiving when the Owen Wister Literary Society and the Rice Institute Owl Band promoted their second collaborative dance at River Oaks.

A cutting of bid prices to meet collegiate pocket books was a thrice welcome innovation to apprehensive males, and as a result many a corsage went to the dance that had otherwise remained cosily in the florist's frigidaire.

Soggy weather failed to dishearten the smartly gowned and tuxedoed followers of Terpsichore who swarmed in shortly after ten-thirty and remained until two-thirty. The Cavaliers and Lee's Owls furnished the mellifluous inspiration.

At midnight the guests dined in epicurean style on a salad course. Following this came a no-break dance which was planned to delight escorts and cause choleric stags to gnaw their mustaches. The success of this was problematic since the stags did not elect to gnaw and tagged anyway. The good-night waltz was a successful no-break.

The first dance of the season to be a financial success, much credit is due the entire personnel of both organizations who worked unceasingly toward making the annual event one of the best of many years. Proceeds were divided between the two organizations equally, in addition to the band of Lee Chatham furnishing the music gratis. The O.W.L.S. used their share to make up the scholarship fund that is annually presented to some young lady, under the auspicces of that society. The Band turned their part to assist in financing the purchase of uniforms.

# RALLY CLUB

*Break Training*

Football was summarily shelved on the night of November 28, when the football men who perforce live Puritan backwoods lives from September through November, gleefully broke training at the Rally Club's break training dance. The junior ball room of the Lamar Hotel was commandeered for the occasion and the belles and beaux of the Institute swept grandly in decollete glory through the Saturday night theatre crowds as they loyally came to see the annual post season capers of the team.

The blue and grey football blankets (cleaned for the occasion) were draped fetchingly about the room, while the rotund Sammy presided with unblinking benignity from a conspicuous perch.

Lee's Owls and the Cavaliers provided music from ten until two. During a program intermission a darkeyed torch singer crooned "I Don't Know Why" so convincingly that the stags to a man capitulated. The sporting touch was added when the crowd joined 'Rah-rah' George in a series of yells with such zeal as to cause complaints from the hotel patrons. Depression refreshments were served throughout the evening.

The affair broke up at two o'clock with practically every guest in full possession of a fine set of circles under the eyes.

# SOPHOMORE BALL

The usual stiff fronts and bare backs which characterize the Sophomore Ball were lacking this year. In their place suspenders and ginghams reigned. It was the refreshing idea of the sophomore class that to the diminution of bid prices should be added relief from pertinacious collars and incommodious skirts. The result was the Yokel Ball of January 20, than which there has been no whicher in the social chronology of the Institute.

The gay spirit of the occasion was intensified to hilarity by the costumes, which, according to the owner's sense of the ridiculous varied from pretty bad to terrible.

The barnyard motif was carried out delicately, by the subtle location of a bale of hay in the Spanish doorway of River Oaks country club. At entrance, each rustic guest was stamped "OK" (indelible ink, too!), which meant "I have paid two dollars, by dern, and if I can get in before it's gone, I eat."

Cline's Collegians provided music both soporific and scintillant for dancing, and at the dinner hour the social standing of hot dawgs and onions was proved to be unquestionable.

The pastoral orgy broke up at 2:30 A.M.

# ARCHI-ARTS

River Oaks was electric with the high voltage gayety of a costume ball on the night of February 19 when the Architects entertained their friends in the Parisian Latin quarter of 1860.

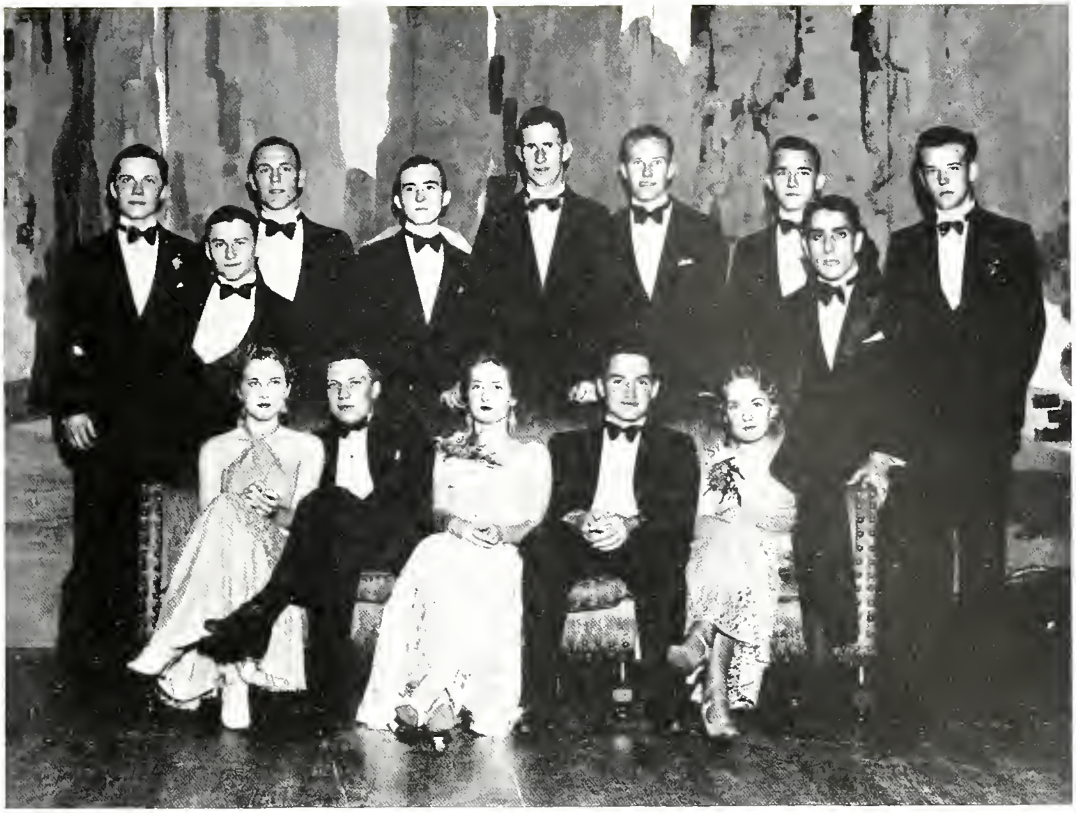
Kaleidoscopic costumes moved against an ingenious background of amazingly named shoppes and sidewalk cafes, with the gates of Versailles and Cafe du Dome occupying prominent spots. While Herman Waldman's orchestra played "Goofus" and similar classics Empress Eugenie and Napoleon strolled about arm in arm. Josephine and an organ grinder murmured in a corner; Trilby gracefully puffed on Camels and Svengali tangoed expertly with a collegiate Mimi.

Besmocked and bereted stags twiddled their steel wool mustaches, beetled their brows and considered which of the assortment of ecstatic femininity was most worthy of their attentions and then lured them off to the dining room to be plied with chicken salad.

At intervals throughout the evening were presented skits from the lives of famous characters of the period, the lot being climaxed by a hilarious burlesque of the guiding spirits of the Institute's architectural department.

Came the dawn, the orchestra played itself out of breath (and patience) and the long line of cars filled with the drooping flowers of the Institute filed back down Westheimer.

To the whole Architectural Society goes the credit of the best costume ball ever to be staged, neither time, talent, nor money were spared.



*Standing:* GEORGE, AZZARELLO, SHANNON, CROFFORD, THAGARD, SEWELL, MOODY.

# THE JUNIOR PROM

The first half of the social season went down in a blaze of glory on the night of March 1st when the Junior Class gave its annual prom in honor of the Senior Class of '32, thereby furnishing a splendiferous period to the winter social sentence, at the River Oaks Ballroom changed nominally into a forest by an imaginative decoration committee whose ideas of trees were nothing if not original. A distinctly unorthodox lighting effect was achieved by silhouetting the graceful undulations of the trees against an indirectly lighted background of silver.

In such sylvan surroundings the social lights of the Institute made a very assorted merry while the senior honor guests strolled slowly behind their ribbon-ed chests, proudly exhibiting their traditional emblem of ah—dignity.

Music was furnished by the Varsitonians, an aggregation of blue-noters from Waco. At midnight, Gordon Nicholson and Awilda Steves led the grand march around the ball-room (as to the march, it made up in hilarity what it lacked in dignity). A smartly abbreviated buffet supper was served the guests at one o'clock, giving them strength enough to carry on till 2:45 or there-abouts.

Those responsible for the dance are to be found in the above picture.

# PRE-LAW AND PRE-MED SOCIETIES DANCE

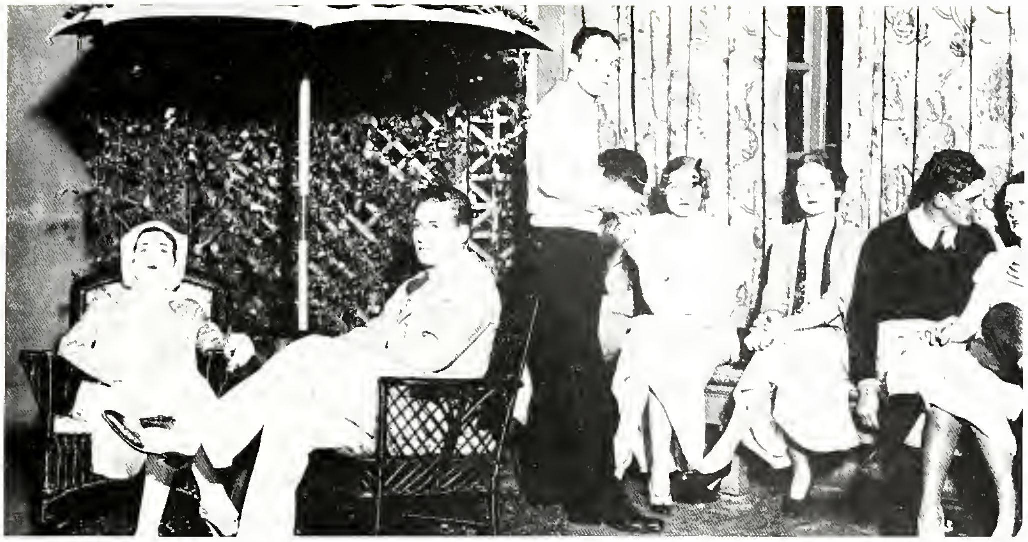
Discarding the library and leaving the labs, the Pre-Law and the Pre-Med Societies forgot their Jurisprudence and their Anatomy (that which is of textbooks in Biology), applied what they had learned in the library and the laboratory, and promoted one of the most enjoyable dances of the 1931 season. In all sincerity may it be said that a good time was had by all, even those that chose to wear white linens in attempt to rush the season.

Designating River Oaks Country Club as the place, and April the twentieth as the date, with Fred Gardner's University of Texas Troubadours furnishing the music, the doors were opened at ten p.m. and not until the wee hours of the morning did the affair terminate. The carefree dancers, full of much beside vim, vigor and vitality, tried to crowd an Easter or spring vacation into one night, the result being a gay festivity, marked by the largest attendance to be on hand for a formal throughout the entire year, much to the delight of the two organizations, for it seemed that such events were doomed to financial failure.

In accordance with the season, the motif of the dance consisted of the gaiety of spring. Tall, tropical palms, ferns, roses, were artistically arranged in the various nooks and corners of the ballroom. The student body, sensing the nearness of love time, May time, and beer time, responded by appearing in linen suits, sport ensembles, gay colored frocks, large hats, and a few evening gowns.

The entire proceeds were devoted to purchasing books, and lab materials, for the Pre-Meds, and the starting of a law library for the Pre-Laws.

Much credit is due all of the personnel of both organizations, and the willingness on the part of both societies to do just a little more than was expected of them. Hats off to Stevenson, and Hamilton of the Doctors, and Trost and Ammerman of the Lawyers!



*The University Club*

# P. A. L. S. and E. B. L. S. Sport Dance

Bright reds . . . warm yellows . . . startling whites . . . these were the favorite colors featured in the parade of the latest in smart sports wear Wednesday night, April 7 at the University Club, the scene of the first terpsichorean event of the spring season for the year 1931. The dance was under the auspicies of two sister literary societies, the Elizabeth Baldwin and the Pallas Athene, who collaborated in order to obtain funds for the annual scholarships presented by the organizations.

From ten until two o'clock Lee's Owls, garbed in knickers and sweaters of Rice's conventional Grey and Blue, played in a setting of unusual charm. Each corner of the room was screened with a rose trellis, in front of which were placed a bit of lawn and a large beach parasol. Spring flowers, in tall baskets posed in various portions of the room, furthered the general decorative scheme and added a symmetry to the improvised layout.

The gay informality of the affair together with the blossoming-out of the large straw hats, which caused the boys no little embarrassment in wondering just who was beneath the wide brims as well as affording some of them . . . should we say a haven for er, ah . . . courting (?), made this one of the most enjoyable affairs of the spring calendar.

It is not amiss here to mention that in spite of all the snootiness that is accredited these organizations on the campus, there is a very definite need for them on the campus of Rice Institute. No little credit is due such clubs that aid much in the fostering of friendship, bringing up freshmen in a decent social atmosphere, participating in the May-Fete, and various other phases of college life to say nothing of donating funds derived from a dance that is put over only by hard work and cooperation of other such clubs. Much credit to Ella, Eula, Betty, Julienne, Marjorie, Leota, Helen, Virginia, Irma, and Helen!

# ENGINEERS' BANQUET

Mr. F. M. Law, president of the First National Bank, was the principal speaker at the Engineers' annual banquet held at Westmoreland Farm Inn near the close of school. The election of officers for the fall of 1931 and initiation of the freshman engineers were also included in the evening's entertainment. All of the professors in the Engineering department were added guests. Plans for the banquet were made by the retiring officers: Arthur M. Wittman, president; Yeager Markins, vice president; Morgan Campbell, secretary; and Morgan Jones, treasurer.

## ENGINEERING SHOW

The seventh biennial engineering show of the Rice Institute Engineering Society on April 15 and 16 attracted its usual large crowd to view the exhibits. Benson Wells directed the 1932 production.

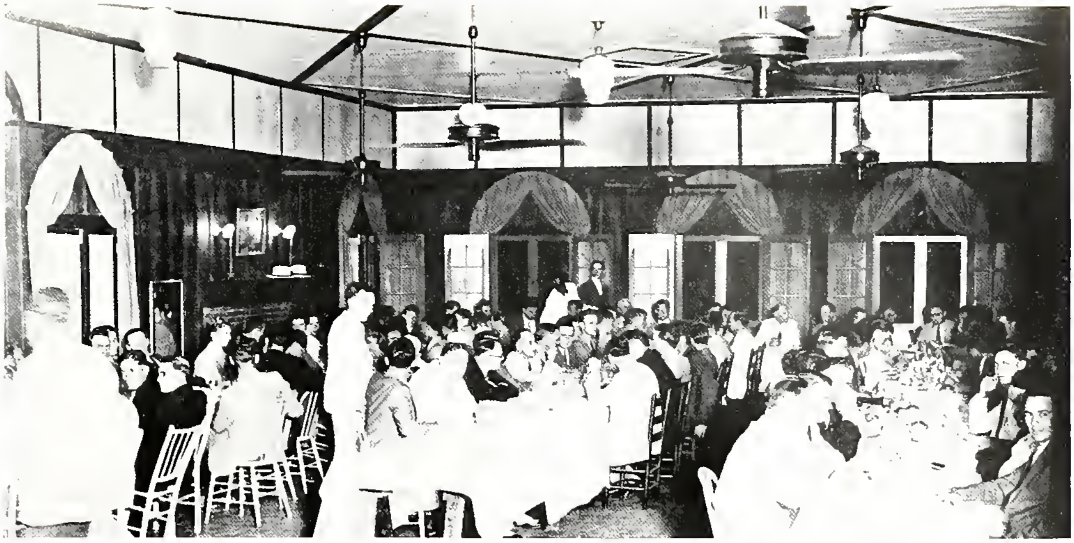
After several years of inactivity, the radio-controlled automobile was demonstrated by the electrical engineering department. The mechanical engineers exhibited a steam engine made in the Rice shops, small enough to rest on an ordinary typewriter pad, capable of developing one half horse-power.

The chemistry department presented a weird alchemist's den while the biology department exhibited chicken hearts still beating after removal from the body, fossil remains, and other oddities. The psychology department also staged several experiments, chief among which were hypnotism and the "psychogalvanic reflex experiment."

## TACKY PARTY

Wednesday evening, April 15, the Engineers held their traditional Tacky Party at the McCardell School of Dancing. The costumes, ranging from mid-Victorian to bowery-life, rivaled those seen at the Archi-Arts, yet the judges had little trouble in declaring Mary Hutton and Jimmy Reed the "tackiest couple" on the floor.

Arthur Wittman, president, was master of ceremonies.



# "R" ASSOCIATION BANQUET

*The gray and blue "R" insignia of honor*—Captains of the Southwest Conference championship track team, the basketball team, the tennis team and the baseball team of Rice Institute were elected at the annual spring banquet of the "R" Association at Ye Olde College Inn, Saturday night, May 16, 1931.

Dick Baldry was elected to lead the 1932 Owl track and field squad; Jack Hess was returned as captain-elect of the basketball team and also the tennis squad; and Ray Hart was chosen to captain the next season baseball team.

Lee Sharrar, acting dean, paid tribute to the memory of Robert P. Quin, son of Bishop and Mrs. Clinton S. Quin, star football and basketball man who died enroute to France on a vacation trip in July, 1930. Sharrar announced the "Bob Quin award" to be given each year to the student who most nearly measures up to the ideals of campus leadership, scholarship, and sportsmanship, as exemplified by Quin. Dick Jamerson, star halfback of Donna, was awarded the medal for the first time.

J. T. McCants, bursar, presented "R" emblems to the 50 men who lettered in 1930-31 in football, basketball, tennis, baseball, and track.

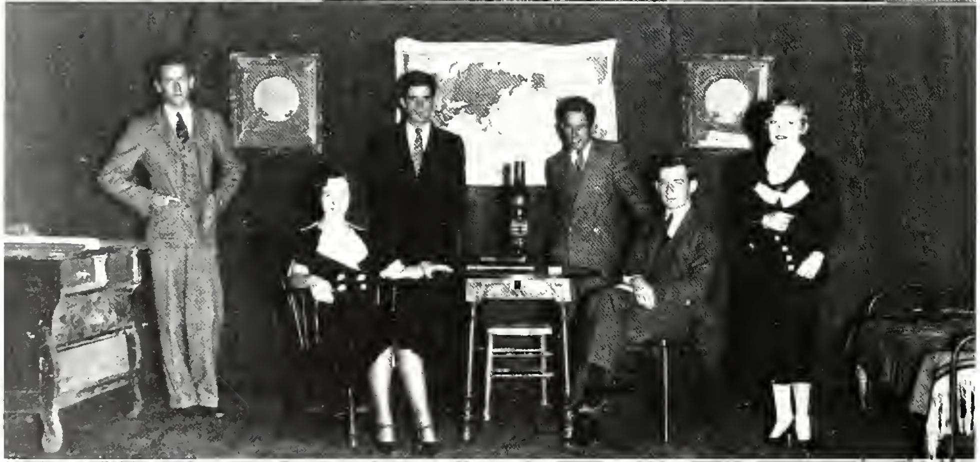
1932. On December 5, the following men received their letters in football: Adams, Bohannon, Burke, Conklin, Coffee, Dickey, Driscoll, T., Driscoll, V., Frye, Hammett, Hander, Harriss, Hassell, Jamerson, Klaerner, Lagow, F., Lauterbach, F., McArthur, Myer, Neveux, Nicholson, Pasche, Strong, Squyres, Thrasher, Wallace, and Michelson.

Tom Driscoll, fullback of the 1931 club, was elected captain of the 1932 team.

*George Martin Trophy* . . . lettermen voted to give "Lazy Lou" Hassell the trophy, recognizing him as the most valuable player on the 1931 squad. The meeting was held at the Houston Club, auspices of the "R" Association.

"Hayfever," presented at the Rice Playhouse May 7 and 8, 1931, the last play of the year. Cast, left to right: Doris Dissen, Ruth Wheelen, Herman Lloyd, L. Dickensheets, C. A. Wall, La Vert Wiess, Ray Herndon, Jim Parker, Marian Seaman, R. R. Adcock, director. The production, written by Noel Coward, recorded the largest attendance of the year.

"The Show-Off," presented at the Playhouse, Dec. 10 and 11, '31, under direction of Mr. Adcock. Cast. Helen Batte, Ed. Joddard, Mildred Hutcheson, G. Richardson, Ed. Price, Stan Cowley, J. Aleo, Melba Slimpin and H. Edwards. Costumes were designed by Miss Seaman and Scott Lee Hild.



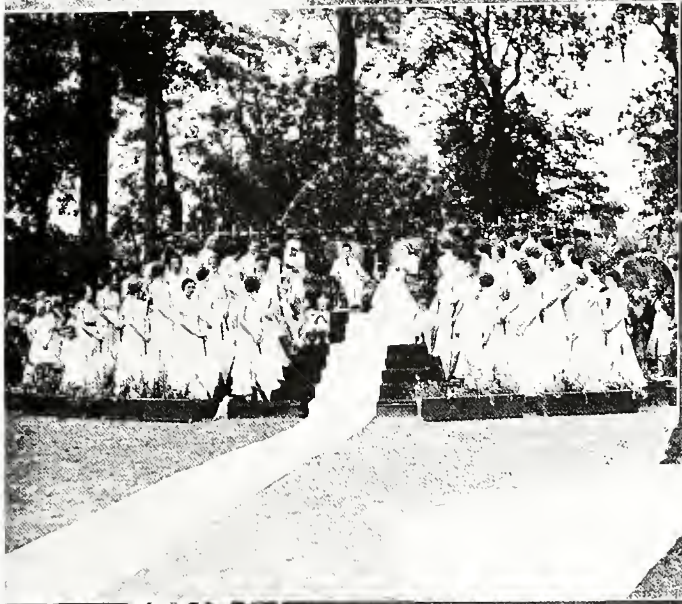
The Annual One Act Tourney was held Feb. 26, at the Autry House, with "Where the Cross Is Made," directed by Bob Talley, who was judged the best actor. Those receiving mention were J. Scott, Doris Dissen and F. Vesey. Cast: Batte, Talley, Douglas, and Edwards.

"A Doll's House," by Ibsen, marked the final production of the year. Cast: Henrietta Hutcheson, Chas. Taylor, Scott, Marian Seaman, Laura Washburn, Hild, and L. Dickensheets.

Pink tucks, ruffles, drop shoulders, dark haired loveliness . . . Princesses Reed and McLaughlin of the Senior Class.

Duchess Logan of the Senior Class in beautiful corn yellow dress, escorted by Mark Hopkins; Loula Bess Johnson, Ralph Jones of the Junior Class; Mary L. Houchins of the Sophomores in wild orchid, escorted by Seaman Squyres; and Lenoir Bowen with Fred Lauterbach of the Class of '34.

The court, marked by simplicity, a grassy rostrum, banked with flowers . . . .



Their Royal Highnesses, Queen Hazel of the House of Reed and King Briggs of the House of Manuel.

The Court Jester, Stella McNeir, supplying merriment for the amusement of the court and its audience.

The Freshman maids played favorites with the court, in their green fluffy frocks and naive manners . . . Dorothy Fields, Emilie Tallichet, Lyda Arnold, Anne Perlitz, Cary Baker, Hallie Beth Talley, Ida Dell Lacy, and Hazel Glover.

# ON THE CAMPUS

## BEST ALL-ROUND CO-ED

The 1931 silver loving cup, awarded by the College Women's Club each year at the Rice May Fete to the best all-round co-ed at the Institute, was presented to Miss Rowena McLaughlin, senior co-ed and a senior princess, who was elected by popular vote of the co-eds. The award was made by Mrs. R. H. Wedge in behalf of the College Woman's Club.

## ALL-COLLEGE FIESTA

Miss Martha Stewart, senior co-ed and president of the Pallas Athene Literary Society, represented Rice at the All-College fiesta at Dallas on the week-end of October 16-18. All the college representatives were entertained by the Dallas Junior League, sponsors of the fiesta, at a banquet and dance Friday night. Miss Stewart wore a white satin gown with a short jacket of the dress material which accentuated her brunette loveliness. At the ball Saturday night Miss Marjorie Kay of Texas University was crowned queen of the fiesta.

## HONORARY

The R and Quill Association is composed of the staff members of the campus publications, the Thresher, The Rice Owl, and The Campanile, which publications have a joint meeting once a year announcing the presentation of the Campanile. At this meeting, a dinner, awards, in the form of a pin symbolizing the R and Quill, are presented by the editors of the respective publications to the members of their staffs who have successfully contributed to their organ throughout the year. Also, the Board of Publications presents keys to the editors and business managers of the three journalistic endeavours. Officers for the ensuing year are elected and the present assistants are formally inaugurated into office.

The Thresher is the school weekly newspaper, with the purpose of informing the students of the various curricular and extra-curricular activities, as well as important happenings throughout the collegiate world.

The Owl is published six times a year in the form of a college comic, offering a field for campus talent in art, poetry, prose and witticisms. This year an innovation in the form of current book reviews was featured.

The Campanile is a semi-dignified record of the achievements of the student body in the name of Rice, presenting in a tangible, lasting form the various phases of campus life, woven into an artistic theme carrying out the traditions and natural charm of the Institute.

Acknowledgement of splendid efficiency is extended to Mr. Herbst, auditor.

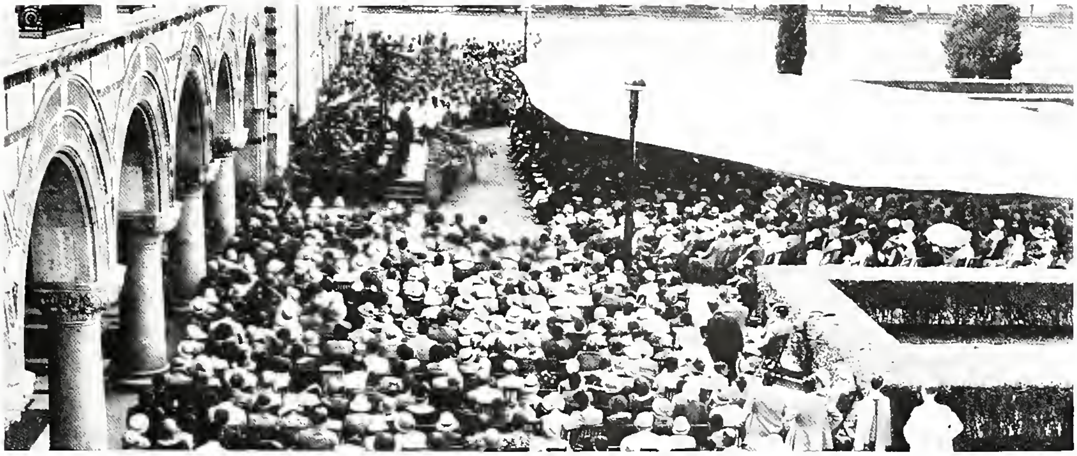
*The Senior American—River Oaks*

# COMMENCEMENT ACTIVITIES, 1931

September 1927 . . . bewildered Slimes in green caps and ties . . . June 1931 . . . dignified seniors in black caps and gowns. Beginning their last week of social gaieties as college students, the Seniors of 1931 inaugurated Commencement activities on Saturday, June 6.

SENIOR AMERICAN—Crowds dashing for places at the breakfast table, white clad figures swaying to rollicking music, sparkling, sun-lit waters! The Senior American . . . beginning at 9 o'clock with a breakfast at the River Oaks Country Club, dancing followed with music by Lee's Owls, who played until 12 o'clock. After the rather warm session in the ballroom, the swimming pool proved a very inviting and delightful spot, and attracted a large crowd. Norman Schwarz handled arrangements for the affair.

SENIOR BANQUET—Gay little tables, very select groups . . . for only the Seniors were present. The Senior Banquet took place Saturday evening at 7 o'clock in the beautiful, modernistic dining room at the Houston Club. Joe Eagle was chairman of the banquet committee; Leroy Hensley, president of the Senior class, acted as toastmaster; and Dr. Lovett was one of the principal speakers.



*The Baccalaureate Sermon—Academic Court*

*The Procession*

Baccalaureate Sermon—In the quiet hush of a sabbath morning, following the annual Cranmer Club breakfast in honor of the Seniors, the academic procession was formed. Dr. Lovett and Dr. Harris Elliot Kirk, D.D., LL.D., pastor of the Franklin Street Presbyterian Church in Baltimore, headed the procession, followed by the Rice faculty and graduates. The baccalaureate sermon was delivered by Dr. Kirk, whose subject "Listening to God" was presented in brief and simple form. The 227 Rice Seniors and more than 2,500 other persons listened to a man of God speaking simple words of wisdom to lives beginning a new adventure.

Commencement—Proud families, a solemn procession, dramatic address, then the moment of moments—over the drab black gown, a hood of brilliant color is laid and the sheepskin is received. It is finished! Early in the morning of June eighth more than three thousand Houstonians, parents, relatives, and friends gathered in the University Quadrangle to pay their respects to the graduates of the Sixteenth annual commencement at Rice Institute. The commencement ceremonies began at 9 o'clock, with the academic procession led by the members of the faculty whose black gowns were emblazoned with the colors of their various degrees and honors. Captain James Addison Baker, chairman of the

*"After the Dance Was Over!"*

Board of Trustees, in his address "Reminiscences of the Founder of Rice Institute" unfolded the story of William Marsh Rice, who left school at 14, but through life treasured the ideal of higher education and "was passionately fond of Houston, never for a moment losing faith in its splendid future." Captain Baker stirred his audience with his simple, but intensely dramatic portrayal, and brought to view for the first time many pages of the life of Rice Institute's benefactor.

Reception—On Monday afternoon from five to seven o'clock, Dr. and Mrs. Lovett entertained the Seniors and their friends with the annual garden party in the academic court. Assisting them in receiving the guests were the officers of the Senior class. An air of old-time Southern hospitality was added to the scene by darkies in white jackets who served punch and passed the tea dainties.

Final Ball—Dreamy music . . . dimmed lights . . . a great revolving lamp casting myriad rainbow hues . . . the figures of the dancers moving rythmically in slow pageantry. The Final Ball on Monday night in the Rice ballroom was a fitting climax and swan song for the Senior activities. Lee's Owls played from 10 till 12 o'clock, with Jan Garber playing from 12 till 2.

# . . . Head Coaches . . .

### Russell Daugherty

"Pug," as he is generally known, directs the destinies of the Owl cagers and does so in a very formidable manner. His teams are always well coached and show the capability of the former Illinois star.

### Ernie Hjertberg

Two Conference Championships in three years is only one of Ernie's contributions to Rice's athletic success! His ability in teaching boys to run is an asset to the other sports. One of the nation's outstanding track coaches, Ernie has turned out many stars in his day such as Bracey, Brunson, and Greer.

### Jack Meagher

Head coach of football and a very likable man is the title Jack bears. His results with Rice football in 3 years have earned him a place in the hearts of all of the student body both on and off the field.

### Johnny Neimic

Johnny, a favorite with all, besides being the Owl backfield coach is head coach of baseball. A former Notre Dame star, he knows his baseball and his team is pointing to the flag this year.

DURRENBERGER POLISKY

### LOU HERTENBERGER

Assistant football coach and charged with the responsibility of turning out the Owl line, Lou's work so far speaks for itself. Acting also as a Rice scout the opponents very seldom slip anything by the eagle eye of Lou whose services to Rice are having much to do with her football success.

### BILL MORGAN

"Slime" Captain, Varsity Captain, all Southwestern guard—Billy Morgan, assistant freshman coach. Billy's knowledge of the game, coupled with his likable personality has made him a favorite, both on the field and campus. His services to the green eleven cannot be too far exalted.

### MARVIN DURRENBERGER

"Marv," head freshman coach, has the job of teaching the future Varsity stars the fundamentals of the game. Marvin has done great work with the "Slimes" in his two years as head coach and is an invaluable man to Rice.

### JOHN POLISKY

Helping coach the line and acting as scout, John was a great help to the Owls. In charge of the tackles, John made that feature of Owl line play outstanding, developing such stars as "Lazy" Lou Hassell and Fred Lauterbach.

# FOOTBALL, 1931

With Jack Meagher at the head and ably assisted by Johnny Neimic, Lou Hertenberger and John Polisky, the Rice Owls had their most successful season in some time. Playing without a captain as desired by the lettermen, the Owls, with all of the 1930 crew and many freshmen stars, went about putting Rice further up in the Conference, and while they finished only fourth they were always a threat and worry to the leaders, losing only by very close decisions to those teams. One of the most gratifying moments of the season to players and spectators was when the Owls whipped Texas University and started the dethronement of the 1930 Conference Champions. Only six seniors are lost this year, so if Rice does not win next year—just when will they win?

Sharing the laurels of a victorious season is the squad, especially the non-lettermen who gave all they had day after day that Rice might have a winner.

## PRE-SEASON GAMES

Opening the season against Texas A. & I. from Kingsville, the Owl coaches gave every player a chance to show up; even with so many substitutions going in, the Owls gave supporters a thrill with their improved team work and individual performance. With Pasche scoring the season's first touchdown, the Owls continued to scamper across the final markers, defeating the Teachers 39-0.

Showing great improvement over their play in the first game, Rice demonstrated their knowledge of "fundamentals" and gave Sam Houston a severe drubbing, 32-0. Continuing the Rockne system, many substitutions were made in order to produce efficient shock troops as well as a flashy first team.

October 3, the Owls journeyed to Norman for an intersectional clash with O. U. Favored to win, the Owls had their usual first game jinx, and after allowing Watkins, O. U. end, to cross the goal line twice with Panze slipping thru for a sensational 77 yard return of a punt, the Owls were defeated 19-6. Thrasher, T. Driscoll, and Pasche starred for the Owls.

## THE CONFERENCE

*Longhorns* . . . October 10, Rice and Texas met in Austin for the outstanding game of the season. Texas, 1930 champions, started the game off in great style marching to the Owl 18-yard line where Blanton tried a field goal and missed. "Texas We Are Here!" from then on it was all Rice.

Smashing line plays, end runs, lateral passes, long spiral punts, perfect generalship, wise substitutions, all combined into the greatest exhibition of team play ever seen in Austin, the Owls completely routed the Steers. After knocking at the goal line several times, with 4th and 8 to go, Frye sucked the Texas defense in, flipped a lateral to Jamerson who dashed 18 yards for a touchdown. Frye again passed to Dick for the extra point.

With Wallace punting, Driscoll blocking, Frye, Hammett, Thrasher and Jamerson slipping thru the holes opened by a super charging line where Hassell (Captain), Harriss and Bohannon starred, Squyres, Neveux and V. Driscoll had only to call the plays, they all worked.

*Mustangs* . . . Fresh from victory, the Owls disappointed their boosters by being defeated in a game bearing materially on the Conference Championship, by S.M.U. 21-12. The big maroon and blue from Dallas scored early in the first quarter on a 43-yard dash off right tackle by Speedy Mason. S.M.U. scored again early in the second when Koontz took a long pass from Mason for a touchdown.

The shifting backfield of the Methodists seem to mystify the Owl defense, and not until the last quarter could the Owl offense break thru for a touchdown, Frye scoring two touchdowns in rapid succession and was on his way for another when an intercepted pass lost the ball. S.M.U. punted out on the 5-yard line and thence tackled Martinkus for a safety to make the score 21-12.

Frye, Squyres, and Jamerson in the backfield with Harriss, Hassell and McKinnon in the line proved that "Rice Fight Never Dies," by playing the game hard all the way thru.

*Intersectional* . . . Playing a return game with the Arizona Wildcats under the lights, the Owls returned to their winning ways by outclassing the desert boys 32-0.

Taking the ball on the kick-off the Owls marched straight down the field with Hammett going 18 yards to cross the final marker. Hammett duplicated this trick again in the first quarter going over left end.

In the second half Rice continued with their clock-like precision with Frye, behind perfect interference, running 60 yards for the third Owl score. A few minutes later, Jack cut off tackle, reversed his field, and with a fine demonstration of broken field running went 55 yards for the fourth score. Continuing to pound the Wildcat line Rice made their fifth score when Mueller slipped thru late in the fourth quarter. The game ended with the ball on Arizona's one-yard line in Rice's possession.

Frye, Hammett, Driscoll, Jamerson, Lauterbach, Michelson, and Harris were in the limelight for the Owls.

*Frogs* . . . Playing in Ft. Worth, the Owls lost to T.C.U. 7-6, when Jamerson failed by inches to convert the extra point after Rice finally succeeded in scoring late in the fourth quarter.

Early in the game Spearman (T.C.U.) returned a punt 85 yards for a touchdown with Captain Green converting. The remainder of the half was spent by fumbles, mis-tackles, boneheads, etc., on the part of Rice.

Beginning the second half Rice opened up with a passing attack and looked much better, threatening at times to score. Squyres, Thrasher, Frye and Jamerson marched to the 6-yard line with the aid of a lateral, Frye to Jamerson, netting 15 yards. T.C.U. held, kicked out, only to have Rice come back with Thrasher going over for 6 points. Dick failed on the extra point, which proved costly, for T.C.U. succeeded in fighting off Rice, winning the game.

In spite of the motley playing of the Owls Lagow, Harriss, Hassell, Squyres, and Thrasher showed up well. Just a case of too much Spearman, Lambert, and Pruitt.

*Aggies* . . . In a hard fought game here, A. & M. reversed last year's score and defeated Rice 7-0. A bad punt gave the Owls a break in the first quarter. Jamerson made 10 yards to the 21-yard line, but here the Aggies held, the ball going over. The two teams fought about evenly with a 63-yard run by Aston, Aggie full, being the only offensive show in the first quarter. A. & M. took the offense in the second quarter, but were unable to score as were the Owls who seemed a little bewildered by the Aggie defense.

Opening the third quarter A. & M. began to gain on passes. The Aggies marched to the 1-yard line where Rice held for four downs. Rice kicked and A. & M. came back to the goal line again where Rice held and an attempted field goal by Dominque on the fourth down was wide. With the ball on the 20-yard line Rice elected to pass but an ineligible man was in the way giving A. & M. the ball again. Ripping thru the Rice line the Aggies again came to the goal line where on the 4th down Spencer scored on a play that will long be disputed as the officials did not agree on their decision. Dominque kicked goal.

*Porkers* . . . Out to avenge their 7-6 defeat of last year, Rice defeated Arkansas 26-12, in a rather uninteresting game. A long pass by the Razorbacks, and some neat plunging by Ledbetter netted Arkansas their first score. Rice retaliated with Nicholson going over.

Opening the second half, Rice scored quickly when V. Driscoll ran back an intercepted pass paving the way for Frye's touchdown. Again the Owls marched down the field with Jamerson scoring.

Arkansas opened up with an aerial attack giving to Rice another score. Thrasher and Nicholson lugging the ball Rice went down the field rapidly, Jap carried the ball over but fumbled, with Hander right behind him to recover and receive credit for the score.

"Monk" Adams looked great for the Owls snaring long passes and playing a fine defensive game. Hassell played an outstanding game as did Lagow at guard. Nicholson, Driscoll, Hammett looked the best in the backfield.

*Bears* . . . Playing before a home-coming crowd, Rice took the Baylor Bears 20-0. Baylor had a nice team but could not match the Owl's strength. Rice opened in the second quarter when Thrasher tore off tackle for 28 yards.

In the second half Rice scored two touchdowns after having staved off the Bruins' famed aerial attack, with Frye and Thrasher as headmen. Thrasher again scored when he circled left end for 35 yards eluding the Baylor secondary with some great hip and arm work.

Thrasher and Nicholson starred in the Owl backfield, while Hassell, Lagow, Burke, Lauterbach and Adams played great games in the line.

Bohannon and Jamerson played their last game for the Owls as did Russell, Younts, Sawyer, and Lee—it goes without saying, that these men will not only be missed but will be missed badly.

# BASKETBALL, 1932

With the return of only four lettermen around which to build his team, Coach Daugherty was confronted with the problem of developing a contending basketball team. To aid Capt. Hess, Koch, Dixon, and Crofford, as the nuclei, and Alexander, Brummette, squadmen, with Reynolds, Thompson, McCullough, Lauterbach, Clore, Moore, and Tarranella from the Slime squad, Daugherty exceeded all expectations by developing a team that was very much "in the running."

## A. AND M. SERIES

Opening the season against the Aggies, the Owls revealed a complete reversal of pre-season form taking the game to the tune of 40-29. Hess, Dixon, Thompson, Koch, and McCullough starred for the Owls. In the second game, the Aggies on their own court completely smothered Rice 27-6.

Playing the Frogs in Houston, Rice looked better, putting on a belated rally to narrow the Frog lead to seven points, the Frogs finally won 41-27.

## S.M.U. SERIES

Playing the first game of the series in Dallas, Rice defeated the runners-up in last year's conference race 24-19, coming from behind in the last half to win, due to some brilliant work by Hess and Alexander. Playing the Mustangs in Houston, Rice started off in great style, having a comfortable lead at the half, due to the sharp shooting of Hess and Dixon. The Mustangs came back in the second half to tie the score, Rice winning in the closing minutes of the fracas. Hess' floor-work and Reynolds' backboard game were a treat to the spectators.

## TEXAS SERIES

Playing the Longhorns in Houston, the Owls continued to defeat those Texas teams by winning the game 25-22. Off to a good lead in the first half Rice slowed up and let Texas tie the score in the early part of the second half 16-16. From then on it was a thriller with the Owls getting together and winning the ole game. Hess, Dixon, and Reynolds starred for the Owls. Playing the second game in Austin the Longhorns showed a reversal of form and took the Owls into camp 26-19.

## BAYLOR SERIES

The Baylor Bears, with a team that eventually won the conference championship, gave the Owls two sound trimmings. Presenting a team that had height sharpshooters and all that goes to make a championship team the Bears won easily in Houston by a 41-21 score and beat Rice 36-21 on their home court. The spectacular guarding of Koch featured both of the Owl-Bruin contests.

## ARKANSAS SERIES

Playing both of the Razorback contests on their home court the Owls played good ball but were forced to bow to a team that was composed of veterans and had height, the fundamental weakness of the Rice team. In the first game the Owls fought the Porkers off of their feet and were out in front most of the time until the last minute of play when the Porker captain sank the winning goal to give them a 25-24 victory. For Rice, Hess, Dixon, and Koch starred. The second game found Arkansas playing better ball and with the exception of Alexander completely outplayed Rice. Starring with Alexander were Reynolds and Koch at guards.

## "PUG" DAUGHERTY

It is regretted that Pug will be lost to Rice next year, having resigned as head basketball coach to go to a Middle West University. Jimmy Kitts succeeds him, bringing some ten men, all over six feet. Jimmy while at Athens, piled up an enviable record, it is hoped that he will produce at Rice.

March 27-28 found the Owls against the nation's best in the Texas and Rice Relays. At Austin, the boys made a fine showing, capturing 2nd in the broad jump, mile and two mile relay; 3rd in the 100 yd. dash and shot put; and 4th in the broad jump, 120 high hurdles and 440 relay. At Houston the feature of the meet was Baldry's tie with Warne of Northwestern and Coffman of Kansas for first in the pole vault at 13 feet, second in the 440 relay and the setting of a new mile relay record by the Rice quartet of Holloway, Harbour, Chambers, and Jamerson.

## OWLS BEAT CHAMPIONS 78½-43½

Meeting the two-time conference champs on their own track the Owl runners showed unusual strength in every event and easily won from the Aggies. Jamerson tied Captain Emmons of the Aggies in the 100, Chambers came from behind to win the 440, Kroschel divided honors with Harlan in the hurdles winning the 120 highs and finishing second in the lows.

Winning the first place in every field event was indeed gratifying to Owl supporters and made it look as if the Aggies were in for a hard time when they were to defend their championship later in the season.

Passing the baton in great style, with Tommy Driscoll doing some fast sprinting the 440 relay team of Holloway, Driscoll, Coffee and Jamerson turned in their fastest time to defeat the Aggies quartet in 42.6 seconds. The mile relay was the most thrilling of the day, when Jamerson taking the baton on the last lap overcame a 15 yard lead of the first three Aggie men to win in the final yards and further stamp the Owls as conference contenders.

Baldry was again high point man with 13 points, winning the polevault, javelin and second in the broadjump. Hale won broadjump, highjump, Burke the shot and discus.

Led by the fleet Holloway who won the 100 and 220 dashes and was highpoint man with 11¼ points, the Owls captured nine first places, defeating the Longhorns decisively and removing all doubt as to their superiority over the Steers in all major sports for the year.

Harbour ran a beautiful race to win the 880 in 1:56.5 and tie the conference record of Brunson a former Rice Star. Kroschel had no trouble defeating the Steer timber-toppers in both events. In the field the Owls again won every first place, with Hale winning the highjump and broadjump, Burke the shot and discus, Hopkins tieing with Baldry in the polevault and Baldry the javelin.

The Owl 440-four remained undefeated by defeating the Longhorn sprinters in the closest race of the meet. In the mile relay Rice sent the second team against the Steers as the first four were to run on Saturday in the Drake relays and they gave the Steers the scare of their lives, losing to them in the last few yards due to some spectacular running by Captain Westerfeldt of the Longhorns.

The sprint and relay team of Holloway, Coffee, Driscoll and Jamerson and the mile relay team of Holloway, Chambers, Harbour and Jamerson went to the Drake Relays and running against the best in the country finished fifth in the 440 relay and third in the mile behind Notre Dame and Michigan, even though they made the excellent time of 3:18.5 which was their best record for the year.

With the arrival of spring, we find Johnny Neimic, coaching his first year at Rice, putting the Owls through their paces with prospects bright for a successful season. Led by Captain Kenny Lee, the Owls showed much promise in pre-season games, winning from Northwestern 6-3 and losing a pitcher's battle to them 1-0; splitting with the Houston Lighting & Power, and dropping two games to the Houston Buffs, 4-1, 12-0.

## BAYLOR SERIES

Opening the Conference season, with the Baylor Bears in Houston, the Owls got off to a poor start, dropping a tough game by a 5-1 score. Martinkus, Russell and Hammett were again the leading Rice hitters. Hart deserved to win, pitching a great game but the consistent Texas luck in baseball prevailed and the Owls lost their final game.

# FRESHMAN FOOTBALL

The Slimes this year had another powerful organization and under the able coaching of Durrenberger and Morgan were drilled in the fundamentals of the Rockne system to prepare them for the Varsity.

Boasting many outstanding men, the Slimes as a team played good football in addition to being good "cannon fodder" for the Varsity.

Opening their season against Marshall Junior College they won 39-6. Spectacular dashes by John McCauley, Bill Wallace and "Doc" Metzler featured the offense with the work of Hinman, Bale and Daunoy on the defense.

Playing the powerful Terrill Prep from Dallas in the second game the Slimes were defeated when the Terrill boys featuring Frankie Parker gave a real exhibition seldom seen on the football field. Completing 11 out of 14 passes and scoring two touchdowns on marches starting behind the goal line Terrill won 13-12. For the Slimes the work of McCauley, Wallace, Metzler, and Kivell stood out in the backfield while Hinman, Bale, Meredith, showed to the best advantage in the line.

Coach "Red" Irvine's Brownsville Junior College team defeated the Slimes 20-14 in a thrilling game Thanksgiving. Poor tackling allowed the visitors to lead 14-0 at the half. In the last half the Freshmen rushed a score on passes to McKnight and good line plunging by McCauley and Wallace. Striking again the Slimes erred and Cabler, flashy college lad, intercepted a pass to run 97 yards for the winning score. McKnight made a spectacular 55 yard run for the second Slimescore. Outstanding men were McCauley, Wallace, McKnight, Bale, and Hinman.

The Slimes have not been awarded their numerals yet but from this squad the Varsity is sure to find some good material to make them hustle to keep their positions: Bale, Ballanfant, Byrd, Chambliss, Cole, Daunoy, Dunbar, Fouke, Glass, Hinman, Hudson, Hutzler, Kivell, Lee, D., Lee, R., Lefkowitz, Luckle, McCauley, McKnight, McLaughlin, Maes, Manis, Meredith, Metzler, Moers, Ogle, Ownsby, Passante, Phillips, Pope, Roberts, Sadler, Smith, C., and Wallace.

# GOLF

The 1931 golf season found the Owls forced to relinquish the Southwestern Golf Conference Championship for the first time in several years.

The Owl squad, composed of Captain Reuben Albaugh, Rice's first ranking golfer, Jack Cole, Bob Morcom, and Ed McCarthy lost its first match to S.M.U. 6-0.

Next came the Aggies who nosed out the Owls 4-2 in a close, nerve-racking tournament. The feature of the meet was a thrilling 20 hole match between Albaugh and Schriever with Rube losing by one stroke. Smoothness of timing and perfectness of form of the respective members of both teams made the dual meet one of the outstanding matches of the Conference.

At Austin, the Texas Golfers avenged some previous defeats by handing the Owls a 6-0 shut out.

Defending their championship in Dallas on May 4, 5, the Rice Owls were forced to be content with fourth place. Captain Albaugh reached the semi-finals only to be eliminated by O'Hara Watts.

Rube was the one member of the squad to earn a letter. However, with all these Varsity men returning next year, fulfilling the promise shown in their various matches, and with the Freshmen stars, headed by Bill Barton, it is not too much to expect the squad to regain their lost championship.

# TENNIS

The loss of Jake Hess, through ineligibility, and the early season injury of Rex White were severe blows to the Owl Racketeers. Yet with Henry Holden leading them, the 1931 netmen won everything but the Conference title.

After spirited competition in pre-season meets, Holden, Connelly, Carter, and Gwin were chosen to represent Rice in its conquests on the courts. These men carried the Blue and Gray to decisive victories over all opposition except Texas in dual meets and finished second in the conference, losing to the powerful Longhorn team in the finals.

With a summer of valuable experience gained in meets in the East with the nation's leading tennis stars and the return of Jake Hess as captain of the squad next year, we should see Rice win their first conference tennis championship.

Also the fact that these boys are Sophomores is evidence that Rice will be heard from in the National Intercollegiate tennis world within the next year or so.

Scores of Rice matches were as follows: Rice vs. Illinois 5-1; Rice vs. Drake 2-1; Rice vs. S.M.U. 5-1; Rice vs. T.C.U. 4-2; Rice vs. Baylor 6-0; Rice vs. Texas 0-6; second place in the Southwest Conference Meet.

## CROSS COUNTRY

The cross country season was not as successful in every way as it might have been. The ineligibility of Pearson handicapped the Owls. However, the Rice Harriers ran well against the competition. They were forced to take third in the Conference Championship. With T. Waring as Captain-elect, the Owls with Pearson and the newcomers from the Freshman squad should, under the able direction of Coach Hjertberg, win the Conference flag next year. No letters were awarded to the Owl runners.

### FRESHMAN CROSS COUNTRY

The Slimes had a fair team this year with certain individuals promising to develop into stars before they leave Rice. They had two meets winning one and losing one. Much of Coach Hjertberg's success is his ability to make stars out of his freshmen when they reach the Varsity grade.

## INTRAMURALS

Interest in Campus Intramurals is apparently on the wane. The yearly Town-Dorm contest was not held this year. Several basket-ball games in a newly formed intramural league have been played but without the zest and enthusiasm of former years. Several "touch-tackle" teams were organized in the dormitories and were augmented by town boys, with East Hall boasting of such stars as Turner, Jackson, Geron, and Hickey, declared the victor.

Girls' sports, including basketball and tennis, have also been slow in getting underway. The redeeming feature of the Women's athletics was the round-robins staged by the Tennis Club and the bi-monthly challenges of Schill and Pearson, with the latter having the edge. For the first time since Schill's appearance on the Rice courts has she found a conqueror, Kathryn Pearson demonstrating her capability in a scintillating fashion.

*What's the Play?*

# BAND-RALLY CLUB

In a game full of thrills, chills and spills the Rally Club finally broke the jinx and plastered a 6-0 defeat on the Band boys. The Band coached by Jamerson and Younts was the equal of that coached by Morgan in everything but the ability to cross up their opponents.

In the first quarter the teams battled evenly with the punting of Captain Long being outstanding. Offensive gains were few due largely to the muddy field. Substitutions were plenty with "Rah Rah" George keeping a steady path beaten between the bench and the field of play.

The Band held the hand in the second quarter with a 35 yard sprint by Stein featuring.

The third quarter belonged to the Rally Club. After an exchange of punts, "Whiskey" Moody crossed up everyone (we know Hudspeth called the play) by running the opposite direction from his interference and gaining 40 yards. Then Hudspeth again called a "new" play. "Brains" Russell crashed the line and when tackled threw the ball over the goal where the whole Rally Club recovered for the score. The Band then took to the air with Eagle, Stein and McNeil tearing goal-ward but they failed to get there and for the first time in three years the Rally Club won a game to be among the nation's few undefeated and untied.

This contest, always a featured event, has been enhanced by the donation of the Eagle Trophy, the gift of Joe Eagle, track man, musician and committeeman at Rice.

Much preparation is made previous to the fracas when the boys of the two organizations, wondering whether or not "athletics really pay," after making the decision to "do and die" for their "sorority," are seen dashing madly up and down the practice field demonstrating their "shifting hips, knock-out stiff arms, high-knee prancing and body-blocking," and also engage their "coach" in "ten reasons why I should be in the backfield."

## Offering a summer course in astrology . . .

While not a part of the official curriculum, and productive of no credits toward a degree (unless you are aiming at a degree in matrimony), the course in astrology offered by the Rice Roof Garden during the summer months has many compelling features. Comprising laboratory work in its entirety, all of which is done in the observatory eighteen stories above the blistering streets, you are close to the heavenly constellations, and well within hearing of real 'music of the spheres.' Classes will be formed at a date to be announced, and highest degrees of pleasure are guaranteed in advance. Tuition fees are very moderate. Investigate this course, and prepare to round out your knowledge of the stars.

It takes the choicest of sweet and sour creams, skillfully blended to make Houston's finest butter. The flavor is distinctly different—sweeter, fresher, richer, a real delicacy.

At present lower prices it is economical to add this delicious flavor to all cooked dishes — new vegetables, meats, fish, pies, cakes or pastries. It makes cooked dishes taste better, just as it does on toast, bread or in sandwiches.

A-B-Cs
*for School Annual Staffs*

A foundation for a Master's Degree in Literature is laid in the A-B-Cs of kindergarten days. The foundation for a handsome and enduring year book will be found in an A. B. C. Cover . . . for American Beauty Covers have demonstrated, through the years, their ability to enhance the beauty and prolong the life of fine year books.

*The American Beauty Cover Company will be glad to assist School Annual Staffs to satisfactorily solve the problem of choosing the right cover . . . . Write for information.*

*The tower—as it appears most any moonlit night*

A FINE business home with the most modern facilities does not necessarily insure superior work . . . . But we have found that it helps. For instance, pride in our surroundings causes a necessity for equal pride in the work we create.
